

PTC Israel is looking for **SW students** to join our Research & Development team in Herzliya.

As part of our team you will be working on 3D modelling software that helps Engineers to design the next generation of physical products.

Join us and you will take a part in development of our world leading CAD product.

Job Requirements:

Completed Second year of B.Sc. in Computer Science

Good knowledge of C/C++ programming

Average 80 or higher

Kindly send your CV + Grade sheet to: ptc.8F.710@applynow.io

About PTC:

We don't just imagine a better world, we help to create it.

Our technology helps industrial companies to create value for themselves, their customers, and the world. From hospital equipment with increased uptime and a spacesuit that is just as durable at half the weight, to more sustainable buildings and more efficient manufacturing – each improvement our technology helps to create, makes our world a better place.

Through a combination of our **Augmented Reality, Industrial IoT, PLM and CAD solutions**, PTC technology has helped our customers achieve some impressive results.

Our world is transforming, and PTC is leading the way.

Our Software brings the physical and digital worlds together.

Enabling companies to improve operations, create better products, and empower people in all aspects of their business.

By joining PTC, you are joining a diverse ecosystem of more than 6,000 employees worldwide who are making an impact on the industry and on the world.

Constantly growing, **PTC ISRAEL** is proud to have hundreds of talented employees, focused on Software development, QA, documentation, product definition and product management in our Herzliya and Haifa development centers.

Opened in 1991, PTC Israel is one of PTC's leading R&D offices. We take an active role in developing the most strategic PTC solutions and platforms.

PTC is a place where innovative thinking is encouraged, and new ideas are always welcome.

We are looking for smart, passionate people that want to work together to make a difference.

You are welcome to take a look at our Open positions and submit your application.
