

Seeking a student with Flutter development skills. The job requires updating an existing app to iOS and general app maintenance (iOS and Android).
The app (<https://tinyurl.com/ecsl-mapping>) is a part of a Citizen Science research held in schools focusing on social mapping.

The work can be made from home, ~50 hours/month.

Please contact Dr. Sagi Dalyot (dalyot@technion.ac.il) for more details.
